"That in case it was decided that
the nature of industry such appli-
cants contemplated, could not be
located in the area acquired from
them, then the requisite area --
should be allotted to them in such
places in the suburb where such
industries were to be located."

"That as far as possible, in making
these adjustments, the existing
Factory buildings may be omitted.

Diwan Bahadur,
Dr T C M Royan, M D ,
Minister for Education and Public Health,
Government of H H the Maharaja of Mysore,
Bangalore

Sir,

I learn that in connection with the proposed Industrial Suburb and Northern Industrial Zone of Bangalore City, the Government of Mysore propose to acquire or have passed orders to acquire, among other lands, the following areas belonging to the Mahalakshmi Woollen and Silk Mills Company Ltd

<u>Name of Village</u>	<u>Survey no</u>	<u>Area</u>	
		Acres	Guntas
Kethamaranahalli	175	53	28
Yeswantpur	59	19	4
		72	32

I beg to state that as far back as 1920, my late lamented father Mr Manickavelu Mudaliar, the pioneer industrialist of Mysore State, selected this area for industrial expansion and the Government of Mysore were graciously pleased to grant him 153 acres 26 guntas of tax-free land in Kethamaranahalli village and 24 acres 8 guntas of land in Yeswantpur village, specifically for industrial purpose. In this connection I beg to invite your kind reference to Government order no R 3916/L R 224-20-2 dated 18-9-1920 a copy of which is enclosed for ready reference. My father started the Mahalakshmi Woollen and Silk Mills Company, Ltd in this area in 1921, at a time when it required both courage and sacrifice to start new industries, and more recently, following in the footsteps of my father, I have started a silk filature of

Vellum Parachute Silk Company Ltd, adjacent to the Mills I have now on hand, am actively prosecuting several schemes of expansion of industries in the above lands Both the Mahalakshmi Mills and the Vellum Parachute Silk factory are proposed to be expanded into larger units and an upto date Silk Textile Mill will be erected in this area I have also planned to establish here Chrome Chemicals and a Chrome Concentration Plant Another plan in view is to provide housing facilities to the labourers of my factories by building Labourers' Quarters and forming a Labour Colony on modern lines

Just when these various schemes of development are about to be taken on hand, it is a most distressing and disappointing news to me that a very large area covering 72 acres 32 guntas of land is going to be taken away from me. As these lands were granted by the Government expressly for industrial purpose twenty seven years ago and every effort has been made by my father and is being made by me to do full justice to the gracious object with which these lands were granted by the Government, I submit that it will be extremely hard on me to take away these lands from me and thereby throw cold water on my cherished ambition of doing my utmost for the industrial development of the State I beg to add that I have given 3 acres 1 gunt of land free of cost to Government for the Pipe Line running through the Mill lands and the new Chord Road now under construction has taken away a good bit of the Mill lands

In these circumstances, I earnestly pray that you may be pleased to pass your orders withdrawing the acquisition proceedings now made in respect of the lands belonging to the Mahalakshmi Woollen and Silk Mills Co Ltd I look forward to your kind and very early favourable orders in this matter

I remain Sir,
Yours faithfully,

CHAIRMAN

Copy of letter no.R 3916/L R 224-20-2 dated 18th September 1920 from the Secretary to Government, Revenue Department, to the Deputy Commissioner, Bangalore District

With reference to your letter no C 63 dated the 24th August 1920 regarding the lands required by Lr Manickavelu Mudaliar and Son for locating certain factories, I am directed to state that survey nos. 174 and 175 of the Kethamaranahalli village which are about 153 acres in extent may be given over to the applicants subject to the following conditions -

(1) The applicants should pay an upset price of Rs 75/- per acre or if they are willing to take it on a lease of sufficiently long duration, the amount of upset price may be reduced to Rs 50/- per acre, but a ground rent equivalent to the amount now paid by the military authorities will also be charged in addition. The applicants will in this case have the option of renewal on such terms as may be decided upon at the end of the period

(2) They must make their own arrangements for the supply of water required by them for industrial purposes by constructing a tank or by means of sinking wells. Should they find water and ~~land~~ can spare any of the supply, they will be bound to place the surplus quantity at the disposal of Government in order to enable them to make it available to other industries that may be started in the neighbourhood at a reasonable rate

(3) They may be given a connection to the main road at their own cost

(4) The lands will be resumed in case no factories are started within a period of three years

3 ~~(4)~~ It may now be ascertained from the applicants if they are ~~willing~~ willing to take the lands on the conditions set forth above and if they are agreeable a suitable plan of the locality may be got prepared and ~~submitted~~ submitted to Government for their approval

4 Pending formal orders of Government in the matter, they may be allowed to erect sheds to keep their machinery on the site

Sir,

When I had the privilege of an interview with you some days ago, I had occasion to place before you my grievance in regard to the proposal of Government to acquire about 73 acres of land belonging to the Mahalakshmi Woollen and Silk Mills Co Ltd, in connection with the formation of the Industrial Suburb and Northern Industrial Zone of Bangalore City under the City Improvement Scheme. Government notifications in respect of the acquisition have also been published in the Mysore Gazette. As represented to you in my letter dated the 21st June, 1947 as well as at the interview the lands were granted by the Government so long ago as in 1920 expressly for industrial purposes and I have several schemes for the development of industries in this area. I, therefore, pray that you may be pleased to pass your kind orders cancelling the acquisition of the mill lands, as a special case.

Office of the Chairman,
City Improvement Trust Board,
Dated, Bangalore, the 11th Aug 1947.

To

Syed Abdul Aleem, Esq., B.A.,
Secretary to Government,
Revenue Department,
BANGALORE.

Subject - Petition dated the 5th June 1947 -
addressed to the Minister for Education -
and Public Health by Mr V Sundara Murthy
praying that his property to the extent of
72 Acres 32 Gts, comprised in S No 175 and
59 of Kethamaranahalli and Yeswanthapur vil-
lage respectively proposed to be acquired -
in connection with the Industrial Suburb -
Scheme may be left out of acquisition etc
=====

With reference to your letter No L 2348 dated 9th August 1947 asking for a report with my definite opinion on the above representation with information on certain other - points connected with this, I have the honour to state that S No 59 of Yeswanthapur village has been acquired for the - formation of the 'Northern Zone' of the Industrial Suburb - for which plans and estimates have also been prepared and sub- mitted to Government for sanction Possession has also been taken after the lands were notified by Government under - Government Order S No 175 of Kethamaranahalli was acqui- red for the formation of the original First Stage of the In- dustrial Suburb and now set apart for a residential area for housing the Industrial labour Active steps are being taken to form the lay-out in the area If at this stage, these lands are to be left out, it would very much adversely affect the - Scheme and so I am not in favour of the above S Nos being - excluded from acquisition

2 In this connection, I invite kind reference to -
this Office letter No 527/2 dated 3-12-45 forwarding a report
on a similar representation by Mr V. Sundara Murthy praying -

P.T O

praying for exclusion from acquisition of S Nos.174 and 175 of Kethamaranahalli village It is seen therefrom and from the connected papers on the subject, that an extent of - 153 Acres 26 Gts , of land in Kethamaranahalli village was granted to his late father Mr Lanickavelu Modaliar about the year 1920-21 for Industrial purposes subject to certain conditions One of these conditions is that the lands would be resumed to Government in case no factories were started in - the area within a period of three years of grant

Fig N.

3 It is also seen that hardly an extent of two acres and odd out of the huge block of land has been utilized by the Mahalakshmi Mill authorities during the last 26 years for the erection of mill buildings, quarters etc Even after acquiring the extent of 72 acres 32 gts , referred to by the petitioner now, there still remains in possession of the Mill Authorities, a large extent of about 80 acres which I think is more than ample for all possible future expansion and development - of their Industrial concerns

4 There are no instances of any private property or properties having been dropped ^{from acquisition} by the Trust Board in this area as referred to in para 2 of your letter and so, the question of furnishing details, and similar concessions being shown in this behalf does not arise

5 The Board has resolved ^{on 14 7 47} that lands pertaining to - Industries in the area be acquired, the buildings as such if any, being omitted, and lands that may be necessary ^{for the industry} be given back ^{to the owner} at the rates and conditions decided by the Board. ^{Thanks to the Com. Municipal & Corp. on 13-7-47 on 26-7-47}

6 I may however bring to the notice of Government that on a representation to Government by the authorities of the St Theresa's T B Sanatorium in June last, requesting for reasons stated, the exclusion of portions of S Nos 176,177 and 180 of Kethamaranahalli village, the Trust Board after a full discussion resolved to exclude the area since it was being utilised for a great public need, and a report has been

subd
separately

been submitted to Government in this Office letter No G 44/47 dated 4th August 1947 forwarding for orders of Government, a copy of resolution of the Board dated - 28-7-47 that the concerned portions of S Nos referred to by the Sanatorium authorities be excluded from acquisition in consideration of the fact that the Institution is a long standing one catering to the needs of a large population in the locality and that the acquisition of the S Nos in question covering the Sanatorium ground - would seriously affect the activities of the Institution apart from the great inconvenience that would be caused to the general public on this account

Letter No 572/2 dated 3-12-45 from the Chairman, City Improvement Trust Board, Bangalore, to the Secretary to Government, Revenue Department, Bangalore.

SUBJECT: Petition of Mr V Sundara Murthy of the Mahalakshmi Woollen and Silk Mills Coy Ltd, regarding the acquisition of Survey Nos.174 and 175 of Kethamaranahalli village.

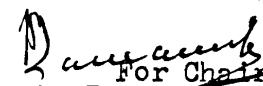

With reference to your memo No L 3699 dated 13-11-1945 forwarding the above for a report, I have the honour to state as follows

The total extent of the two Survey Nos referred to by the Petitioner is 153 acres and 26 guntas. The Engineer Officer reports that the Mill buildings occupy an area of 1.5 acres and residential quarters, a further extent of 0.5 acre. Thus only - 2 acres out of the huge block of land have been utilised during the last 24 years.

The lands are said to have been granted tax-free for - Industrial purposes but the relative documents are not available to ascertain the conditions of grant. In any case, it seems obvious that the Mill authorities cannot possibly require more than a fraction of the total area for future expansion. In addition to the area already utilised they may be allowed to retain a few more acres legitimately required for future development. It is suggested that the Director of Textiles may be consulted on the point. The petitioner's land is required not only for the formation of the road but also for laying out an industrial suburb and as such, it seems necessary to acquire the major portion of the two S Nos in question.

The petition under reference is returned

| 1) Letter dated 5-6-47 addressed to the Minister for Education and Public Health | |
| 2) Letter dated 2-8-47 addressed to the Dewan | |

RECEIVED from you requesting that the property of the company to the extent of

72 acres and 32 guntas comprised in S Nos 175 and 59 of Kethamaranahalli and Yeswanthpur villages respectively may be left out of the Industrial suburb scheme formulated by the City Improvement Trust Board, Bangalore, I am directed to state that the Chairman of the Trust Board has been requested to keep your request in view at the time of allotting sites for industrial purposes and to grant you the area that might be required for the purposes of your concern

This arrangement is based on the resolution passed by the Trust Board and approved by the Government in regard to the grant of certain concessions to the persons whose lands forming part of the Industrial suburb area have been acquired and who want to start their industries on the same spot

Sper

Yours faithfully,
